THE CULT OF CHRISTINA RICCI

NICK HARAMIS FINALLY MEETS
THE OBJECT OF HIS OBSESSION

OCTOBER 2010

\$4.50

NO VACANCY

She has been a film industry staple since she was a little girl, moving from child star to indie icon, and now, with the opening of *True Stands Still*, Broadway thespian. Through it all, Christina Ricci has been an actor of substance and depth, an exception to the rule of vacuous Hollywood burnouts. And if anyone would know, it's Nick Haramis, her most loyal fan.
